

Overview

At Data Resources, our existing clients supply us with the most productive leads for new business. So, we created the Client Referral Program to help show our appreciation for these referrals.

For each referral that results in the sale of a Market Prospector annual subscription, we will pay the referring person a one-time award payment of \$50 per county. Thus, if a new client subscribes to 1 county, the award payment will be \$50, 2 counties will be \$100, 3 counties will be \$150, and so on.

How it Works

- If you know of a person or company who may be interested in Market Prospector, then complete a Client Referral Form and fax it back to Data Resources at 1-215-550-5011.
- A Data Resources representative will contact the prospective customer to arrange for a software demonstration and review of our subscription services.
- If the prospective customer purchases a subscription, Data Resources will mail the referring person their award check once the new customer is registered. Checks will typically be mailed within 5 business days of registration.

Notes

- The Client Referral Program is open to everyone except distributors of Data Resources, licensees, or others affiliated with Data Resources LLC.
- There is no limit placed on the number of referrals that can be made by any one individual. We only ask that prospective clients be directly known by you, and that they are viable candidates for our services.
- Clients cannot make referrals to their own branch offices, subsidiaries, or any affiliates of their own company.
- The reward is a one-time payment on new subscriptions only. It is not available for renewals or service extensions on existing client business.
